Product data sheet: VID455149T
Rev. 01 dated 31/07/2018

Name	ALLURE
Description	Decorative finish with pearlescent sand effect
Product characteristics	ALLURE is a decorative paint for interiors that makes it possible to achieve special lighting effects (gold or silver), giving surfaces a metallic appearance. ALLURE may be used to achieve different effects depending on the application technique used and the tool employed.
VOC classification (Volatile organic compounds) Directive 2004/42/EC	Decorative effect coatings EU VOC limit value for Allure (cat. A/I): 200 g/L (2010). Allure contains no more than 100 g/L of VOC.
Produced in	MADE IN ITALY
Main application tools	Brush, plastic spatula
Achievable effects Application method	The surface must be uniform, matured, absorbent and free of patches or plastic finishes. In case, clean the surface well, removing all traces of previous paint and/or plaster, dirt, grease etc., by brushing, sanding or with cleaning equipment. Apply a coat of PRYMER ACQ in case of chalky surfaces. Render, if necessary, with STUCCO FONDO and let it cure. Apply a coat of MULTIQUARTZ and then 2 or 3 coats of product.
Practical tips	<p>The base coat should be set, clean and free from any chipping, peeling and/or dampness. New plasters should be left to age for at least 4-5 weeks to allow for complete carbonation. Environmental conditions -> temperature: min. + 5 °C/max. + 35 °C, relative humidity: < 75%. Primer conditions -> temperature: min. + 5 °C/max. + 35 °C, humidity: < 10 with respect to relative humidity. Shake the product before use or, if it is very dense, use a spatula or a mixing drill to achieve a workable consistency.</p> <p>It is recommended that the colour of the completely dried product be checked before application. Do not apply the product on surfaces exposed to direct sunlight or in the presence of strong drafts. Do not rework on the same surface. Do not interrupt application in the middle of a wall.</p> <p>The product may not be stored for more than 48 hours after dilution. Rinse used tools with water immediately after use. Keep the paint can sealed and away from freezing temperatures and sunlight.</p>
Safety precautions	Safety information for users is contained in the relative safety data sheet. Empty containers or containers with traces of dried product film should be disposed of according to local regulations.

FOR PROFESSIONAL USE ONLY
